Children Cry

for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ASCHER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children."
ALEX. ROBERTSON, M. D.,
107 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children."
DR. G. C. OSOON,
Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulence, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

FALL TO DEATH.

Two Cincinnati Firemen Almost
Instantly Killed.

TWO OTHERS FATALY INJURED.

Three More Receive Slight Bruises, While One of the Employees of the Destroyed Factory is Fatally Burned, Being Imprisoned in the Burning Building for Over an Hour.

CINCINNATI, Nov. 10.—Two brave firemen lost their lives at a fire on West Second street yesterday. Two others were fatally injured and two more or less bruised and cut. The accident was caused by the breaking of a forty-foot ladder on which the men were at work. Besides the firemen, William Meyer, an employee of the building, was burned almost beyond recognition.

It was exactly 9:30 o'clock when Meyer and a boy named Imbush, employed at Oscar Onken's picture frame factory, at 134 West Second street, went into the cellar to draw some oil. While there the noise of a muffled explosion was heard and a second later the flames poured up the hatchway. The boy came running up the stairway, but Meyer did not appear. The alarm was given and the sixty or more employees had just time enough to reach the street when the entire building was enveloped.

An alarm was sounded and it was followed a few minutes later by ten strikes, calling out the entire department. The firemen reached the scene promptly and found plenty of work to do. Ladders were run up on the Commerce street end of the building and it was at this point that the firemen lost their lives. The fire had been burning about three-quarters of an hour and the ladders were swarming with firemen. A half dozen were on the Giff's ladder when suddenly there was a crackling sound and the ladder parted about the middle.

A cry of horror went up from the assembled crowd and a rush was made for the spot where the bleeding bodies of the firemen were piled one on the other. As quickly as possible they were carried to an adjoining building.

Lieutenant William Bocklage, of the Gifts, was found to be dying. His head was split open and he was otherwise cut and bruised.

Pipeman Ed Anderson, of the Gifts, was the second man taken out. A large hole was found in his forehead and he was gasping in the throes of death.

Pipeman Jerry Daugherty, of the Twos, was badly cut about the head and face and his body badly bruised.

Captain Conway, of the Gifts, and Captain Phil Hurley, of the Twos, were badly bruised, but they returned to their work. Later Hurley was compelled to quit and he was taken home.

Walter Beebe, of the Gifts, was badly cut about the head and it is feared he is internally injured.

All the injured men were removed as quickly as possible to the hospital in patrol wagons. Bocklage and Anderson were dead when the physicians examined them. Their skulls were crushed and their bodies broken and bruised. Doherty's and Beebe's injuries are pronounced dangerous. Both are internally injured, but little hope is expressed of their recovery.

The strangest part of the affair remains to be told. After the fire had been got under control, one of the members of the salvage corps, made his way to the cellar to find the sewer hole to let the water out. While he was groping around, with the water almost to his waist, his hand came in contact with a body. He called out, but received no response. He reached out again and caught hold of the form and started toward the stairway. The man followed him and walked up the stairs.

On reaching the light a horrible sight presented itself. The man was Meyer, who had been in the burning building for over an hour. At each step the flesh fell from his face, body and limbs. His reason was gone and he permitted himself to be led around like a child. His clothing had all burned away and hardly sufficient remained to hide his nakedness. He was led to a patrol wagon and taken to the hospital. There is not one chance in a thousand that he will recover.

Meyer is a married man and lives at 205 West Liberty street. He was employed as a finisher. How he ever existed in the burning building is a miracle. It is believed that he was literally cooked by the heat and then parboiled in the boiling water and oil. By 11 o'clock the fire was under control. The building was a six-story brick and was stored with picture frames and mouldings. The store proper is on Central avenue near Fourth and it does a heavy business. The firm was preparing for the holidays and carried a heavy stock. Mr. Onken places his loss at \$30,000, on which is carried an insurance of \$10,000.

The fire is said by some to have started from spontaneous combustion, but it is believed that the careless handling of a lantern by the man Meyer was what caused the blaze. There were seven barrels of alcohol in the cellar, but it did not catch fire as far as known. The building was filled with inflammable material and five minutes after the fire started the entire building was enveloped in flames.

The building is owned by Patrick Poland, and it will be almost a total loss. It was thoroughly gutted, and while the walls did not fall they were so weakened by the heat as to become useless. Mr. Poland carried an insurance on the building sufficient to cover his loss.

FIRE IN DENVER.

Four Men and Thirty-Four Horses Suffocated.

DENVER, Nov. 10.—A terrible fire in which four men and thirty-four horses

were suffocated, was discovered in the Mansions stables, 1818 Lawrence street, at a few minutes past 8 o'clock yesterday morning. The dead are: Thomas Bower, of Peoria, Ill., aged twenty-two; Otto Helbin, of St. Louis, aged thirty; George Richards, of Lincoln, Neb., aged thirty, and David Colmore, residence unknown, aged twenty-five.

They were sleeping in rooms over the office of the livery stable, and were employed in the Cable restaurant. There were four others, sleeping in the place, but all escaped with the exception of the four named above. The fire originated in the water closet on the second floor of the building, between two carriage rooms. It was caused either by hot ashes left in a box in the room or from some one dropping a lighted match or cigar into the paper, and debris which had accumulated in the corner.

The scenes about the burning building were horrifying as the smoke rolled through the apartments where the horses were kept. Scenting danger, their cries of alarm and fright were pitiful, and in their efforts to escape they climbed into their mangers, kicked down their stalls and some managed to break away, but fell dead in the gangway. The horses burned were the most valuable in the barn, and their average value is estimated at \$450 each.

George Richards was the only one of the four unfortunates who lost their lives that was burned externally. His face was horribly burned and blackened, and his hair was singed from his head. David Elmore managed to get out into the hall before he was overcome by the heat and smoke, and as the firemen were peering through the smoke and heat searching for any spark of fire that had escaped their notice, one of them stumbled over the body, which was the first notification the firemen had that all had not escaped from the buildings before the flames gained headway. Penetrating further into the building the firemen found the bodies of Bowen, Richards and Helbin piled one upon the other upon the floor of their room.

The loss on the building is small, while that on the stock is \$15,000, fully insured.

COAL PILE BURNING.

Thousands of Tons One Seething Mass of Flames.

DULUTH, Nov. 10.—The great coal pile on the Northwestern Fuel company's docks is still on fire, although water has been poured into the burning mass at the rate of 1,800 gallons a minute since last Friday. Some sixty men are wheeling away the coal from the pile so that the firemen can reach the hottest portion of the blaze. The fuel company yesterday asked the Minneapolis fire department for an engine, which arrived here yesterday.

If the air reaches the smouldering fire the whole mass, containing thousands of tons of coal, is liable to be destroyed. Some of the largest elevators lie near the coal docks, but it is believed that they can be saved. The Duluth fire department is working in relays of six hours each. Nothing further is known of the cause than that it is believed to be spontaneous combustion.

The full extent of the loss is not yet known, but it will doubtless reach into the thousands.

Fire in Philadelphia.

PHILADELPHIA, Nov. 10.—At 1:20 this morning fire was discovered in the wholesale hosiery and woolen goods store of Lippincott & Johnston, 627 Market street. Surrounding property was seriously threatened with destruction, but at 2 o'clock the fire was under control. The loss will be \$75,000.

Catholic Church Burned.

KANSAS CITY, Nov. 10.—The Catholic church and parsonage at Fulton, Kan., burned yesterday morning at 1 o'clock. The explosion of a lamp is the supposed cause. The church was a fine one and was insured for \$2,000. It was a total loss.

Small Station Wiped Out.

HOT SPRINGS, S. D., Nov. 10.—Fire destroyed the business portion of Buffalo Gap, a station on the Fremont, Elkhorn and Missouri Valley railroad, twelve miles from this city, yesterday afternoon. The loss will reach \$75,000.

Accident in an Iron Foundry.

ROANOKE, Va., Nov. 10.—The Crozer iron blast furnace was the scene of a fatal accident yesterday afternoon. W. R. Ingram, while engaged in removing the salamander from furnace No. 1, was using dynamite in blasting. His assistant, George Page, noticed some smoke rising from the hole in which the dynamite had been placed and reached over to touch Ingram when the explosion took place. A hole was blown into Ingram's head, and he died soon thereafter. Page escaped with a few bruises.

Death from Blood Poison.

PITTSBURGH, Nov. 10.—James Penny, who for eleven years has been national treasurer for the Amalgamated Association of Iron and Steel Workers, died at his home in Pittsburgh yesterday. The cause of his death was blood poisoning. Mr. Penny was sixty-three years of age, and was widely known among manufacturers and iron and steel workers throughout the country.

Slav Miner Kills His Brother.

UNIONTOWN, Pa., Nov. 10.—In a fit of jealousy last night a Slav miner, at Grindstone coke works, in this county, shot his brother, killing him instantly, and then cut his own throat and he will die. Full names and particulars are unobtainable at present, but the facts, as stated, are vouched for by persons who have just come from the works.

Facing the Two-Dollar Notes.

WASHINGTON, Nov. 10.—The bureau of engraving and printing is now printing the face of the new two-dollar Windom note and will have it ready for circulation within a week or so. The back was printed several weeks ago.

A BRAZILIAN WAR.

Rumors That Fighting Has Already Begun.

ONE PROVINCE HAS SECEDED.

Others Liable to Follow, as There is Great Discontent Throughout All the Provinces of Brazil—Our Interests Said to Be in No Danger—Viewed with Alarm in London.

LONDON, Nov. 10.—Dispatches received here from Pernambuco show that the troubles in Brazil are approaching an acute crisis and there is much anxiety expressed in financial and commercial circles regarding the outcome of Fonseca's action in dissolving congress and again assuming the role of dictator, which he laid down subsequent to his election as president of the newly formed republic, and many grave doubts are expressed as to the success of this latest political move.

These dispatches state that in Pernambuco there is general discontent on all sides at Fonseca's action, but there is nothing more than to show that the people have done anything further than to express their disapprobation of the course followed by the dictator.

From the province of Rio Grande do Sul, however, comes intelligence that is alarming in its nature. The news from this province is to the effect that the local government has refused to acquiesce in the assumption by Fonseca of the powers of a dictator and has declared the independence of the province.

Already there are rumors afloat that other provinces are contemplating following the example of Rio Grande and that, in the near future, there may be a number of separate warring Brazilian states on this continent. Naturally these revolutionary rumors are made the most of by the imperialists, and it is known that other cipher dispatches of a most important nature have been passing between the leaders of the "restoration" movement and Dom Pedro.

There is a rumor that there has been fighting in Brazil between the troops of Fonseca and the revolutionists. Owing to the fact that Rio Grande has declared itself independent of the Fonseca government it is inferred that the conflict may have occurred in that province. This alarming report cannot be verified at present. Some people fancy that it may be only a bourse rumor.

The telegraph line is cut at Portalegre. The province of Rio Grande do Sul can place 50,000 German fighting men in the field. If Silvero Martinez should be nominated for president he would possess great influence and Fonseca, even with the Bank of the Republic to sustain him, would be powerless to crush that influence.

Other dispatches state that there is a spirit of great and dangerous discontent through all the provinces of Brazil.

Under these circumstances even the warmest friends of the new republic on this side of the Atlantic apprehend most serious troubles, possibly a long civil war, before peace is restored to Brazil. The opposing parties there, it is well known, have been looking forward to and preparing for a struggle for some time past and the revolution (it is but little, if anything, less than a revolution) which has just taken place has not found the prominent leaders or their followers unprepared.

NO OCCASION FOR ALARM.

Our Interests in Brazil Are in No Immediate Danger.

WASHINGTON, Nov. 10.—The latest advices from Chili received at the department give no occasion for alarm, and all information which has been received from Brazil indicates that the affairs of that country are assuming a settled state, and that our interests are in no danger.

Naval officers in explanation of the unusual activity reported at the several navy yards, say that it is desirable to advance vessels being built as far as possible and put vessels now in commission in condition for their winter cruises before the winter season sets in. None of the officers will admit that they expect any trouble with foreign powers, and they say that the active work at the various navy yards should not be construed as indicating war.

CAPTAIN SCHLEY HEARD FROM.

He Reports His Vessel as Safe as if She Were in Home Waters.

NEW YORK, Nov. 10.—The Herald's Valparaiso dispatch says that Captain Schley and his officers are indignant about the yarn of the sinking of the Baltimore, as it gives their families at home a great deal of unnecessary anxiety. Everything is quiet in Valparaiso and the Baltimore is as safe as if she were in home waters.

Capt. Schley will permit the victims of the recent assault to appear before the investigating judge, but has stipulated that officers of the vessel must also be present when the men are examined. He has also agreed to furnish the court a copy of information about the assault as sent to the United States.

The San Francisco Awaiting Orders.

ACAPULCO, Mex., Nov. 10.—The cruiser San Francisco has arrived here from Callao, after a voyage of eleven days. The vessel will coal here and will probably receive orders from the navy department at Washington as to her future destination. All on board are well.

Fell Nearly a Hundred Feet.

JEFFERSONVILLE, Ind., Nov. 10.—Sol Johnson, a carpenter, was accidentally thrown off the Pennsylvania bridge by fellow workers yesterday. He fell nearly one hundred feet to the rocks below and was crushed to a jelly.

INDIANA MINERS.

All Forms of Labor Connected with Miners Included in the Order.

BRAZIL, Ind., Nov. 10.—The coal miners' strike is "on." It includes all forms of labor in connection with mining, be it ever so remote. No one is permitted to clean up his work; none may even lay track on the inside to be ready when work should again begin.

C. B. Ready runs a shaft to supply this city with coal. Not a few of his patrons are miners. He offers to pay the increased price, eighty-five cents per ton, but he dare not until all operators consent to pay the same price, and until the bituminous miners get their increase and the strike is declared off. Some of the bituminous operators offer to pay the increase, but the men will not move an inch until the block coal miners get the advance for which they struck. A committee has been sent to Clay City to bring out the miners at that point and have them abide by the strike.

The rolling-mill and furnace system in this city will soon close down, and all the other machinery will soon stop for want of fuel. The embargo is complete and perfect. There is no doubt but that the miners earn all they are asking, and that they should have it, but the operators claim existing contracts based on prices for which the miners agreed to work, and coupled therewith the Chicago and Indiana Coal road and the Eastern Illinois line, both operated by the Mackey system, demand an advance of ten cents per ton to Chicago.

The first-named road has been taking two trains daily, of forty cars each, averaging twenty-five tons per car, for \$1 per ton, making \$1,000 per day gross receipts for use of their rolling stock and twelve employees.

It is not believed that the strike can last any great length of time, as the coal must be had. The demand is urgent and imperative.

Effects of the Strike Already Felt.

TERRE HAUTE, Ind., Nov. 10.—This city already feels the first effects of the coal miners' strike, and several of the large manufacturers, consuming a great deal of coal, are beginning to exhibit much concern. The fact that the operators of the state, at their secret meeting at the Terre Haute House, Friday night, resolved to stand together and resist the demands of the men is evidence that there is a long and bitter fight on hand, and that very likely the strike will be a most serious one.

So far as known, all the union block and bituminous miners are idle, and they hope to get the others to join them within a few days, including those along the lines of the Evansville and Terre Haute and Evansville and Indianapolis roads—the two Mackey lines. A point in the strikers' favor at this time is that the rivers are so low that coal cannot be brought to Indiana from the upper coal regions.

It is also ascertained, through talks with the state officers of the miners, who live in this city, that successful overtures have been made by them to miners of adjoining states, by which their product will be diverted away from Indiana. The miners say they are in the fight to win, and in war all means used are fair.

WELCOME RAINS.

Long Time Drought Broken by Copious Showers.

BLOOMINGTON, Ills., Nov. 10.—The drought which has prevailed through central Illinois since June last has been broken by heavy rains. Farmers have been compelled to haul water for live stock and household purposes for some time, and on account of pastures giving out they were obliged to begin feeding stock two months earlier than usual. Wells, cisterns and streams throughout this section had gone dry.

In Kansas.

KANSAS CITY, Nov. 10.—As a result of recent rains in southern, central and western Kansas, the wheat crop is in good condition. In a few sections of the state the continued dry weather caused the wheat to sprout, but no great damage has been done. Fall wheat is not all in and reports from all portions of the state represent the acreage to be by far the greatest in the history of the state.

Partial Relief in Indiana.

INDIANAPOLIS, Nov. 10.—The severe drought that has prevailed in Indiana for several months has been partly relieved by the showers of the past few days that have been general throughout the state.

Minnesota and North Dakota.

ST. PAUL, Nov. 10.—Last reports from northern Minnesota and North Dakota indicate that a heavy and very general rain has been falling since yesterday morning.

SLAIN BY BURGLARS.

A Crime for Which Three Negroes Will Undoubtedly Suffer.

JACKSONVILLE, Fla., Nov. 10.—Martin Itjen, who keeps a small grocery store on the plank road three miles west of the city, awoke Dr. Somers in Lavilla, a suburb, about 1 o'clock Monday morning and asked to have a gunshot wound in his shoulder dressed. He said he had been attacked by burglars late Saturday night.

One of them held a gun at the proprietor, who tried to escape, but was shot in the shoulder. The dead body of Clerk Charles Moranz was afterward found in the grocery store. He had been murdered by the burglars. Three negroes are under arrest on suspicion.

Prevalence of Diphtheria.

FRANKLIN, Ind., Nov. 10.—Diphtheria that has been quite prevalent here is subsiding, although there was one death on Saturday from its effects. The primary schools that have been closed for the past week will reopen next Thursday.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

TUESDAY, NOVEMBER 10, 1891.

Register To-day.

To-day is the last day for the general registration, and you should see that your name is on the list before 7 o'clock this evening.

A closer examination of the registration act shows that it makes the registration year commence the second Monday in November, and this led the BULLETIN into a misstatement yesterday.

Section nine of the act says that when a special election is ordered, the City Council shall at the same time "fix a day for registration of those persons entitled to vote thereat whose names have not been recorded on the registration books of that year." It appears from this that parties whose names were on the registration books last January and who voted then would not be required to register for the special election on the 28th of this month. In other words it seems from the section quoted that people who registered for last January's election would be entitled to vote at any special election this year. But another section of the act says: "Said registration in November shall be known as the general registration, and any person then registered may vote at all elections until the next general registration, unless he becomes disqualified after registration."

People who registered yesterday and those who register to-day or on the 17th of the month will be entitled to vote at the special election November 28th, and at all other elections between now and the second Monday in November, 1892.

It was Blaine's reciprocity that helped McKinley and McKinleyism out in Ohio last week. And reciprocity is only free trade restricted to a few countries.

The Frankfort Argus wants a stop put to inebriated wandering around the streets full of liquor, begging from every one and a disgrace to the city. The Argus is right. The proper place for such men is on the rock-pile, where they don't have an opportunity for begging. Put these fellows on the rock pile a week or two and they would quit drinking and behave themselves.

The following dispatch appeared a few days ago in the Commercial Gazette:
DUBLIN, November 6.—The linen trade is in a more flourishing condition than for several years past, and the thirty thousand operatives in the spinning mills and factories of Ulster are rejoicing in an increase of wages of from 5 to 7½ per cent., which will go into force at once.

On or about the same date, one of the big firms of iron manufacturers of Pittsburgh reduced the wages of the 500 employees of the establishment from \$1.50 to \$1.35 per day—a cut of 10 per cent. Workmen under free trade seem to be faring better than the highly protected iron makers of this country.

PRACTICAL gas men are here almost every day now to examine into the Harris process of making fuel gas. Its fame is spreading. These men pronounce it the most wonderful thing of the kind they have yet seen. It promises to revolutionize the business, and the day may not be far distant when Maysville's homes will all be heated and her factories run with this fuel. The promoters of the industry are all Maysville men and they should be encouraged in every way possible. As soon as they secure the necessary franchise from the city they will proceed to make a practical demonstration of the inventor's claims for his fuel gas. Let the franchise be granted.

Nothing much has been heard since the late election of Quay's libel suits against a number of Pennsylvania Democratic papers for publishing a certain bank's certificate of deposit for \$8,877, connecting him with Bardsley's stealings. This certificate was in the hands of the Government at Washington City, and Mr. Quay is very anxious to find out just how it got into the hands of the Democrats of Pennsylvania. It is strongly intimated that President Harrison consented to its delivery, and also that Postmaster General Wanamaker engineered the scheme through. They want to get rid of Quay and his terrible record, but that, it must be confessed, is a rather underhand way to go about it.

A Rare Treat.

Those who went to the Tremont opera house last evening to witness Gillette's "New Private Secretary" went there with the expectation of enjoying the play, which many have seen before and all have heard of, but it is a safe assertion that few were fully prepared for the side-splitting laughter which was in store for them. This play is one of the funniest of all the funny extravaganzas that have ever appeared on the boards, and yet it is entirely free from all that is low or vulgar in action or language.—Galveston Tribune, Oct. 15th, 1891.

At the opera house next Thursday night. Tickets now on sale at Nelson's hat store.

According to Government reports the general average of yield of wheat per acre is 15 bushels.

TAXATION

And Municipalities—Provisions of the New Constitution on These Important Subjects.

The new Constitution provides for the classification of the cities of the State, and throws many restrictions and guards about the question of municipal taxation. As the matter is an important one, the provisions of the new Constitution on the subject are here copied:

Section 156. The cities and towns of this Commonwealth, for the purpose of their organization and government, shall be divided into six classes. The organization and powers of each class shall be defined and provided for by general laws, so that all municipal corporations of the same class shall possess the same powers and be subject to the same restrictions. To the first class shall belong cities with a population of one hundred thousand or more; to the second class, cities with a population of twenty thousand or more, and less than one hundred thousand; to the third class, cities with a population of eight thousand or more, and less than twenty thousand; to the fourth class, cities and towns with a population of three thousand or more, and less than eight thousand; to the fifth class, cities and towns with a population of one thousand or more, and less than three thousand; to the sixth class, towns with a population of less than one thousand. The General Assembly shall assign the cities and towns of the Commonwealth to the classes to which they respectively belong, and change assignments made as the population of said cities and towns may increase or decrease, and, in the absence of other satisfactory information as to their population, shall be governed by the last preceding Federal census in so doing; but no city or town shall be transferred from one class to another, except in pursuance of a law previously enacted and providing therefor. The General Assembly, by a general law, shall provide how towns may be organized, and enact laws for the government of such towns until the same are assigned to one or the other of the classes above named; but such assignment shall be made at the first session of the General Assembly after the organization of said town or city.

Section 157. The tax rate of cities, towns, counties, taxing districts and other municipalities, for other than school purposes, shall not, at any time, exceed the following rates upon the value of the taxable property therein, viz: For all towns or cities having a population of fifteen thousand or more, one dollar and fifty cents on the hundred dollars; for all towns or cities having less than fifteen thousand and not less than ten thousand, one dollar on the hundred dollars; for all towns or cities having less than ten thousand, seventy-five cents on the hundred dollars; and for counties and taxing districts, fifty cents on the hundred dollars; unless it should be necessary to enable such city, town, county or taxing district to pay the interest on, and provide a sinking fund for the extinction of indebtedness contracted before the adoption of this Constitution. No county, city, town, taxing district or other municipality, shall be authorized or permitted to become indebted, in any manner or for any purpose, to an amount exceeding in any year, without the assent of two-thirds of the voters thereof, voting at an election to be held for that purpose; and any indebtedness contracted in violation of this section shall be void. Nor shall such contract be enforceable by the person with whom made; nor shall such municipality ever be authorized to assume the same.

Nuptials at Sardis.

The marriage of Miss Lorena E. Bratton and Rev. Gideon N. Jolly, at the M. E. Church, Sardis, brought together a large company Thursday evening, November 6th, at 6 o'clock. The bride is the second daughter of Mr. and Mrs. James S. Bratton, an amiable and popular young lady. Her voice was ever soft, gentle and low, an excellent thing in woman. Her natural comeliness and well rounded proportions were well set off by her bridal costume of brown cloth, cut steel trimmings, fitting her like a glove. The groom is the minister of the M. E. Church on the Sardis circuit, is beloved by his flock and esteemed by the community.

It was a memorable scene—the cozy parlor-like church—a veritable bower of Flora, ablaze with illuminations—the dignified groom, the smiling bride, the fashionably dressed ushers, the exquisite music, the pretty organist, the gay and handsome guests, the deep, grave, ritualistic ceremony of Presiding Elder Boring, as he asked the needful questions, evoking the mutual promise to "forsake all others," ending with the solemn mandate—"What God has joined together let no man put asunder." The service was not too long, and very impressive.

After the ceremony a reception was held at the new parsonage. It is a lovely home, with new papering and bright carpets and pretty furniture, and not a few strangers were among the guests who had come miles to mingle their congratulations with those of nearer admiring friends. Some useful and ornamental presents were placed on the bride's dressing case. After enjoying a pleasant social evening and some very sweet strains of vocal and instrumental music by the Misses Alice Parry and Katie Wightman and Miss Effie Hanford and the two brides, (double cousins) Mesdames Jolly and Grigsby, the party bid good night with many kisses and wishes for "pleasant dreams and slumbers" light to bride and groom.

Those pleasant young society gents, Charlie Tomlin and Tommy Bratton, were the ushers for the occasion.

The bridal couple stood under a large floral parasol, suspended from an evergreen arch, during the tying of the nuptial knot. The skillful decorations of the church were the work of Misses Leachman, Dorsey, Campbell, Willott, Dye, and Mesdames J. D. Dye and J. H. Grigsby, Jr. An experienced critic from Maysville said he had rarely ever seen the interior of home or church more beautifully or artistically decorated.

Presiding at the organ was the younger Mrs. Grigsby, and her rendition of the wedding marches, Mendelssohn's for the entrance and "Midsummer Night's Dream" for the retreating procession was spirited, and displayed excellent ability.

Tabooing the harassing bridal tour, Parson Jolly and his winsome bride will spend the honeymoon of repose, exempt from all the claims of society, at their own quiet home, where we fondly hope it will not be.

All but a dream at the best,
And when sweetest, soonest o'er." J. B. H.

Commendable.

All claims not inconsistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

OUR NEIGHBORS.

SPRINGDALE.

Miss Ida Brooks and Mr. E. M. McDonald attended church at Sand Hill Sunday.

Professor R. M. Garrett spent Saturday and Sunday at his home in Lewis County.

Protracted meeting began at Sand Hill Sunday. Some of our young folks expect to attend.

Mrs. Dr. Ford and her little son, Win. of Orangeburg, were guests of the family of Elder T. P. Degman Thursday last.

Quite a large congregation assembled at Bethany Sunday, only to be disappointed, as the pastor failed to be present. Some people love to hear themselves talk if other people do not like to hear them.

JERSEY RIDGE.

Mr. and Mrs. Wm. Wallace, of Winchester, are here visiting relatives.

Miss Emma Tucker lectured at Old Stone Church Sunday afternoon, on the subject of missions.

Mr. Joseph Stephens, of Burtonville, visited his cousins, Messrs. N. H. and J. H. Richardson, last week.

Mr. and Mrs. Harry Proctor and Miss Clara McCullough, of Covington, and Miss Ida Proctor, of Elizaville, visited Mr. N. H. Richardson and family last week.

Mr. Alex. Hopkins, State evangelist and Sunday school worker of the Christian Church, will hold a mission institute at Christian Church on Lawrence Creek, beginning on the 8th of this month. Preparatory to this Mr. Collins Ricketts has begun singing school again, using Mr. Hopkins' book entitled "Favorite Hymns."

ABERDEEN.

Lee Simmons has about recovered from his recent illness.

Squire Beasley is acting Mayor during Mayor Ellis' Southern trip.

G. B. Sutton and wife were in Manchester Friday and Saturday last.

Wm. N. Campbell, who has been confined to his room from a slight illness, is out again.

R. H. Stevenson, the able and efficient editor of the Gretna Green, was at West Union Saturday and Sunday.

Somebody gets the gold premium offered for the tobacco sample at Enterprise Warehouse, December 24th, 1891.

Dr. Guthrie is slowly improving and it will be a day or two before many friends when he gets able to go about again.

Ed Rains, than whom there is no better young man, is resting easier from his illness. Ed's host of friends wish him speedy recovery.

It is not the cat but the wail that causes the hoarse collection of miscellaneous articles and cuss words on a midnight serenade.

There is many a slip betwixt cup and the lip, and a close observer will remark a good many slips when the cup has struck the lips too often.

The Enterprise Warehouse packs your tobacco in first-class style, furnishes the hogheads and delivers it on steamboat at 40 cents per hundred.

Make love slowly is good advice. It is a good deal like a church festival, to get in and your wealth to get out; \$5 for an engagement ring; the balance of your life in hard work.

We hereby and now serve notice on our Republican friends who never seem to get wearied in telling us that the Campbells are going instead of coming, that if beaten in the State and submit to our fate as gracefully as a man who has swallowed a box of tacks. Let's see, does not a squint through the microscope denote Democracy? If not, why not? Does New York, Massachusetts, Iowa and Maryland count for naught. Another thing, the Democrats are against high tariff; the People's ticket was against high tariff; put the two together and see if Democratic principles were not in the majority in 1890. It was really no Republican victory, only a combination of circumstances and one we will try and reverse in the after while.

NONPARIEL.

THE MARKETS.

Weekly Review of Cincinnati Tobacco Market.

The offerings at auction for the week were 1,799 hds, classed as follows: 519 hds Mason County (Ky.) District; 411 hds Benton County (Ky.) District; 233 hds Owen County (Ky.) District; 206 hds Blue Grass (Ky.) District; and 430 hogheads Brown County (Ohio) District, against 2,067 hds the previous week and 2,139 hds corresponding week last year. Total offerings for year to date 104,200 hds, against 104,388 hds same time last year.

Receipts for the week..... 642
Receipts same week last year..... 1,069

The breaks were smaller than for some time, as were the receipts, but there was shown a reduction in stock of 742 hds. There was a generally better feeling manifest throughout the week, and a firm, steady market prevailed, with sales more satisfactory than during the previous two weeks. The heavy weather has retarded the handling of the new crop, and as there is none being marketed, those manufacturers who have been waiting for the new are taking the old in larger quantities, thus causing a more active market. Good and fair sales in fair supply showed an active demand and brought high prices; the same can be said of all color grades. Common and medium leaf was in some better demand than noted heretofore, but prices are still low. The low grade were, at auction, offered in large numbers, composing half the offerings, but there is a good, steady demand for these grades, and they are selling well at prices that are accepted.

Of the 1,799 hds, 482 sold from \$1 to \$3.95, 415 from \$4 to \$5.95, 524 from \$6 to \$7.95, 170 from \$8 to \$9.95, 255 from \$10 to \$14.75, 169 from \$15 to \$19.75 and 34 from \$20 to \$24.75.

Louisville Tobacco Market.

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 1,817 hds, with receipts for the same period of 558 hds. Sales on our market since January 1st amount to 140,065 hds. Sales of the crop of 1890 on our market to this date amount to 98,021 hds.

The offerings have been light on our market this week and there is no material change to note in prices, but the general tendency has been toward an improvement. Quite a little lot of tobacco has been sold during the week at prices ranging from \$25 to \$30. Only a few hogheads of the new crop have come forward as yet, but the prices realized for such this week have been at better figures than was realized for the first sales of the new crop.

The following quotations fairly represent our market for old and new tobacco:
Trash (dark) or damaged tobacco..... \$ 2 00/3 00
Colony trash..... 3 00/3 60
Common lugs, not colony..... 3 50/4 50
Colony lugs..... 6 50/10 00
Kings..... 5 00/5 75
Medium to good leaf..... 7 50/12 00
Good to fine fillers..... 12 00/22 00
Select wrappery tobacco..... 22 00/33 00

AT THE LOWEST CASH PRICES!

There is a necessity for your doing it. You can afford to be liberal to yourself, and come buy your Furniture of

HENRY OORT,

EAST SECOND STREET, MAYSVILLE.

An Ordinance

Looking to the Consolidation of the Town of Chester With the City of Maysville, Under an Act entitled "An Act to Authorize the Consolidation of the Town of Chester With the City of Maysville, in Mason County," Approved May 16, 1890.

§ 1. Be it ordained by the Board of Councilmen of the City of Maysville, that the question of consolidating the town of Chester with the City of Maysville under and by virtue of said act be and the same is hereby submitted to the legal voters of Maysville, on the following plan of consolidation, viz: That the town of Chester shall not be responsible for nor charged with any of the debt or debts of the town of Chester existing at that time; and that the ordinance of Maysville preventing stock from running at large shall not be in force in Chester, then to be known as the Sixth ward of Maysville, unless that thereafter a majority of the legal voters of the said town, or Sixth ward, shall vote in favor thereof, upon the question being submitted to them on due notice.

§ 2. That the question of consolidation under said act and upon this plan—provided that the question be submitted by a similar ordinance on the same day by the town council of Chester be, and the same is hereby submitted to the legal voters of Maysville on the 28th day of November, 1891, at an election to be held on that day in the several wards of the city, upon due notice as required by said act.

§ 3. That for the purpose of holding said election, Jos. Lowery, W. H. Campbell and R. E. Frost are appointed inspectors of said election in the First ward, to be held at Jacob Outten's shop, between the hours of 8 a. m. and 6 p. m.; W. D. Hixson, J. Redmond, Jr., and H. P. McClanahan are appointed inspectors of said election in the Second ward, to be held at Lee Hancock's shop, between the same hours; Andrew Miller, John Shea, Sr., and L. W. Galbraith are appointed inspectors of said election in the Third ward, to be held at D. Fitzgerald's shop, between the same hours; Jos. Wood, Sam. Leebach and Wm. Lally are appointed inspectors of said election in the Fourth ward, to be held at Sylvester Thompson's shop, between the same hours; Clarence Mathews, Jas. Hendrickson and Jos. A. Davis are appointed inspectors of said election in the Fifth ward, to be held at Conrad's Grocery, between the same hours.

§ 4. That said inspectors, being duly sworn, shall appoint one of their number Clerk to record the names of the legal voters in a book to be furnished, with two columns—one for and one against the proposition to consolidate Chester with Maysville, and shall put the question to each voter whether he votes for or against the consolidation of the town of Chester with the city of Maysville, and shall record his vote as cast either for or against the consolidation in the proper column, and said inspectors shall make return thereof and certify same as required in case of other elections to the first regular or called meeting of the Board of Councilmen thereafter.

§ 5. This ordinance to be in force from and after its passage.

Adopted in Council November 5, 1891.

WILLIAM H. COX, President.

MARTIN A. O'HARE, Clerk.

An Ordinance

Punishing Any Person For Jumping on, or Hanging on to a Street Car or Railroad Car When in Motion, to Steal a Ride.

§ 1. Be it ordained by the Board of Councilmen of the City of Maysville: That it shall be unlawful for any person to jump on, or hang on, to any street car or railroad car when in motion, for the purpose of stealing a ride, and any person guilty of this conduct shall be fined not less than one dollar nor more than five dollars, to be recovered before the Mayor as other fines for the violation of the ordinances of the city.

§ 2. That this ordinance shall take effect from its passage.

Adopted in Council November 5, 1891.

WILLIAM H. COX, President.

MARTIN A. O'HARE, Clerk.

Roger Owens was appointed administrator of Eliza Owens, and qualified with Powell B. Owens as surety. Wm. Norris, Thornton Norris and John Norris were appointed appraisers.

R. R. Frost & Co. were granted license to retail spirituous, vinous and malt liquors.

Jonas Myall qualified as administrator of Maria E. Fleming, with W. J. Rees as surety. Appraisers: J. D. Raymond, Walter Mathews and C. A. Howard.

John W. Alexander qualified as administrator of Geo. W. Brown, with J. M. Alexander as surety. Appraisers: Wm. Calvert, Lewis M. Collis and John Knoveshow.

On motion of H. D. Watson and J. D. Feed, administrators of John W. Williams, a rule was ordered issued against Emery Whitaker, trustee of John W. Chanslor, to show cause why he has not settled his accounts as such trustee.

"The Sun" of Morehead, Rowan County, made its appearance last week. It is published by Bateman & Bateman. Its politics is not known.

MESSRS. PELHAM & WILLIAMS have 170 stands of bees in their apiary near the fair ground. Their crop of honey in 1890 was 9,000 pounds, but it is not quite that much this year.

A BRANCH of the Kentucky Sunday School Union was organized in this city Sunday afternoon by E. S. Boswell, State Visitor. Mr. G. S. Judd was elected President and Mr. John Duley Secretary and Treasurer.

M. R. GILMORE has the largest stock of monuments and tombstones ever in Maysville at one time. He doesn't want to carry this stock over to next season, and parties wanting anything in his line can save from 15 to 25 per cent. by buying now. He offers these low prices for next thirty days only. Call and see for yourself.

NEW YORK, October 19.—The New York Herald has startled its companions of the press by the announcement of a free discussion of the question of the times—"The Silver question." Their columns are open. It matters not, either silver, gold or currency will suit Frank Owens Hardware Company for all goods in hardware, guns, ammunition, coal vases or anything else.

Miner's Shoe Club.

Members holding the following certificates will please call soon as convenient and select any pair shoes in our store FREE OF CHARGE:

4,848, 3,145, 5,048, 6,286.

Remember it costs you nothing to become a member. Not one cent is added to the price of your shoes. We have one price and price marked in plain figures. It will pay you to become a member of Miner's Shoe Club.

Circuit Court Notes.

James Coyne, George Thatcher and Jack Gilbert were adjudged guilty of stealing from C. and O. freight cars and sent to jail for thirty days.

Lije Jones, colored, was tried for willfully and maliciously shooting and wounding George Brown, colored, at Mayslick, and was acquitted on the ground of self defense.

William Osborne, who cut Marshal Hughes, of Chester, during the Maysville fair, was tried and fined \$50.

A Defective Bond.

Last week, in the Circuit Court at Mt. Olivet, in the case against Geo. L. Linville, Ex-Sheriff, for the amount of taxes, \$3,818.04, due the county from him, Judge Arthur decided that Linville's bond was defective in that it was taken before the county levy was made and that himself and bondsmen are not responsible on it for the payment of the same. The Advance says: "Will Judge Tilton and sureties be held to account for its payment, or will the county lose it? is a question that is being considerably discussed by Robertson tax-payers just at this time."

"A new action was instituted against Linville on the morning of the 5th and as incidental to the action his tax-books were attached as was also all property that he owns, and he was by the court ordered to appear in court and make a disclosure of all property he now owns."

There is None Better.

Dr. R. L. St. John, of Howland, Putnam County, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and says there is none better. It is especially valuable for colds and as a preventive and cure for croup. The most excellent medicine is for sale by Power & Reynolds.

Here and There.

Mr. Joseph Power, of Flemingsburg, was down this morning on legal business.

Mr. Jas. H. Hall will leave to-night on the F. F. V. for Washington and New York.

Mr. Thomas M. Wood, a real estate agent, of Middleborough, is visiting his father, Mr. George Wood, near Washington.

Real Estate Transfers.

Allan D. Cole, Master Commissioner, to Mary D. Gilb, two lots in Mayslick; consideration, \$800.

Joseph F. Keith and wife to George Burton, 20 acres of land on Clark's Run and Pleasant Ridge pike; consideration, \$300.

Religious Notes.

Japan has twenty-one theological schools, with 351 students, an increase of four schools and seventy-five students.

Of 162 deaconesses in the Methodist Episcopal Church, Chicago has 41, Cincinnati 23, New York 13, India 11, Boston 8, China 2.

Pioneer Sarsaparilla.

Priceless, peerless, pure and perfect. The greatest blood purifier of the age. The cheapest treatment on earth, combining economy and virtue. Only fifty cents per bottle. For sale by Power & Reynolds.

The average condition of potatoes is estimated at 91.3.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Young Mothers!
We Offer You a Remedy which Insures Safety to Life of Mother and Child.

"MOTHER'S FRIEND"
Beds Confinement of the Pain, Horror and Risk.

After using one bottle of "Mother's Friend" I suffered but little pain, and did not experience that weakness afterward usual in such cases.—Mrs. Anna Galt, Lamar, Mo., Jan. 15th, 1891.

Sent by express, charges prepaid, on receipt of price, \$1.00 per bottle. Book to Mothers mailed free. **BRADFIELD REGULATOR CO., ATLANTA, GA.**

CYCLONE-WRECKED.

A British Convict Transport Steamer Goes Down.

SEVENTY-SEVEN LIVES LOST.

But Six Saved from a Crew of Eighty-Three—A Number of Convicts and Several Guards on the Land Were Injured.

Other News from Across the Atlantic.

CALCUTTA, Nov. 10.—The British convict transport steamer Enterprise has been wrecked by a cyclone near the Andaman islands convict settlement, and seventy-seven out of her crew of eighty-three drowned.

At the settlement a number of buildings were unroofed and, for a time, there was a terrible panic among the convicts who were in confinement. They imagined that the end of the world had come and yelled and bawled to be let loose. The guards, who were badly scared, had the utmost difficulty in keeping the prisoners in order.

A number of East Indian convicts, several of the guards and two officers were more or less severely injured by falling timbers.

The loss of the Enterprise is to form the subject of a government inquiry. It is claimed that the vessel was not fitted for the work assigned to her.

Turkish Troops Defeated.

CONSTANTINOPLE, Nov. 10.—News from Yemen is very discouraging to the Turkish cause. The rebels have made two assaults on the capital of the province in which the Turkish forces are surrounded and the last time nearly with success. The sultan is said to be considering whether he will grant the demands of the insurgents, which amount substantially to home rule by a native prince and native judges, under the suzerainty of the sultan, and a reduction of the enormous burden of taxation. From present indications, if the sultan does not yield something he may lose everything in Arabia, as the insurgents will not, it is believed, stop short of driving the Turks out of Yemen. The sultan is said to feel more anxious on this subject than on any European question.

Financial Crisis in Berlin.

BERLIN, Nov. 10.—So far as known all the banks have survived the run upon them. The greatest run was upon F. W. Krause, in the Leipziger strasse. Everybody was paid. Frantic excitement reigned. Early in the afternoon the police had to regulate the crowd at some banks. The Kaiser ordered hourly reports to be made to him as to the condition of affairs, and at latest accounts he was debating whether he should summon a council to decide if a general financial inquiry was desirable and needful.

Conflict with the Police.

PRAGUE, Nov. 10.—Five hundred students and shop boys (Bohemians) marched to the German gymnasium, at Smichowman, crying: "Down with the German school." The mob had a conflict with the police, who made five arrests.

The Sultan's Agents Beheaded.

ALGIERS, Nov. 10.—The inhabitants of the Oasis of Touat have beheaded five agents of the Sultan of Morocco sent to collect tribute. France claims the oasis and has sent troops to occupy it. A collision with Moorish troops is feared.

Lively Limerick.

LIMERICK, Nov. 10.—This city yesterday was the scene of a fierce conflict in which forty soldiers and a mob of people were engaged. Four soldiers were seriously wounded with knives. Six civilians were arrested.

Closing Up Churches.

TIFLIS, Nov. 10.—Three more leading Protestants have been arrested and deported for five years to the Persian or Turkish frontier. The police are closing all Protestant churches except the Lutheran.

FOUGHT FOR \$1,000.

It Only Took Three Rounds to Win the Money.

COLUMBUS, O., Nov. 10.—Tommy Comer, of Cincinnati, was evidently outclassed when he met Ed Gorman, of Buffalo, in the ring last night. At no stage of the fight was he in it, being knocked completely out in the third round. The men stripped at 135 and 135 respectively. From the opening Gorman was on the attack and landed at will on Comer's face, jaw and neck, the latter unable to maintain his guard or get back, only with one feeble effort. Gorman's left-hand upper-cut in the second sent his opponent to grass and, as he arose groggy, attempted to foul.

In the third round Gorman went in for a knock-out, and after landing several times on Comer's face sent him on his back with a terrific upper-cut. Comer did not get up within time and Gorman was awarded the fight.

The contest was for \$1,000, and John Murphy, of Cincinnati, was referee. Billy Hawking, of Ottawa, through Denver Smith, challenged the winner.

Nanticoke Mine Victims.

WILKESBARRE, Pa., Nov. 10.—The number of victims of the Nanticoke mine explosion now reaches twelve. Four more of the injured died yesterday. Their names are: William Williams, Jr., Thomas B. Thomas, Edward D. Williams and David Powell. The latest theory as to the cause of the accident is that some of the men disregarded the rules and worked with naked lamps, which set the gas on fire. No blame is attached to the company.

Forest Fires.

VINCENNES, Ind., Nov. 10.—Saturday and Sunday forest fires raged in Johnson, Harrison, Decker and Vincennes townships, this county, on the river DuChesne, doing great damage to timber and fences. Men worked all night to keep the fire from corn fields and buildings. In what is known as the Big Thicket the timber for miles around was in a roaring blaze and growing in intensity as it gradually approaches this city. Great alarm was felt.

FIFTY AND STILL NOT KING.

Celebration of the Prince of Wales' Half Century Mark.

NEW YORK, Nov. 10.—A dispatch from London Monday, said:

This is a great day for the ultra-loyal element throughout Great Britain. It was on Nov. 9, 1841, that the first offspring of the union of Queen Victoria and Prince Albert saw the light of day in Buckingham palace, and today, having withstood more than one attack of illness that brought him very close to the grave, and having gone through sufficient experience to have tested the constitutions of half a dozen ordinary individuals, his royal highness Albert Edward, prince of Wales, and in the wisdom of Providence, the future king of England, is celebrating the fiftieth anniversary of the day that brought him into the world.

If there is any truth in the stories of the feeling against the heir-apparent, as a result of recent scandals, that exists among the masses, it is certainly not to be made evident today. All over the country church bells are ringing joyous peals and flags are flying. In this city, as well as in Manchester, Liverpool, Birmingham and other large towns, the large employers of labor have declared a public holiday. The public schools generally are closed, so far as the day's routine is concerned, and in many of them patriotic exercises were held this afternoon. The prince himself, with the princess and the members of his immediate family, are quietly observing this day with a family party at Marlborough House, where he is receiving numerous dispatches of congratulation.

The jubilee birthday presents, too, have been numerous and of the greatest value. None of them have been exposed to view, nor has any statement been furnished to the press, but it is understood that one of the most valuable came from the queen, and that the gift of his nephew, the German emperor, represents an expenditure of 100,000 marks. The latter was presented by Prince Henry of Prussia, who, with the ex-Empress Frederick, are guests at Marlborough House today. The corporation of London had proposed to celebrate the event by giving a banquet and presentation to the prince, but the latter declined it on the ground that in his advancing years he did not care to receive so much public attention.

ELECTORAL COLLEGE.

The Number of Votes Each State is Entitled To.

WASHINGTON, Nov. 10.—The elections have aroused political speculation; there is renewed desire to know exactly how the electoral college is composed now. The following table gives the number of votes of each state under the latest apportionment:

Alabama.....	11	Nebraska.....	3
Arkansas.....	8	Nevada.....	3
California.....	9	New Hampshire..	4
Colorado.....	4	New Jersey.....	10
Connecticut.....	6	New York.....	36
Delaware.....	5	North Carolina..	11
Florida.....	4	North Dakota....	3
Georgia.....	13	Ohio.....	23
Idaho.....	3	Oregon.....	3
Illinois.....	24	Pennsylvania.....	32
Indiana.....	15	Rhode Island....	4
Iowa.....	18	South Carolina..	9
Kansas.....	10	South Dakota....	4
Kentucky.....	13	Tennessee.....	12
Louisiana.....	8	Texas.....	15
Maine.....	6	Vermont.....	4
Maryland.....	8	Virginia.....	12
Massachusetts..	15	Washington....	4
Michigan.....	14	West Virginia..	6
Minnesota.....	9	Wisconsin.....	12
Mississippi.....	9	Wyoming.....	3
Missouri.....	17		
Montana.....	3	Total.....	444

In making calculations of possible results, it should be remembered that Michigan will not vote as a whole, but by congressional districts. This was expected to give the Democrats at least four votes in that state, but it may not yield more than three.

INHUMAN DOCTOR.

He Removes the Stitches in a Wound Because He Was Not Paid.

CUMBERLAND, Md., Nov. 10.—Yesterday morning about 5:30 o'clock Frank Laffin was walking along the Baltimore and Ohio railroad tracks when he fell into a "cattle guard," cutting a fearful gash in his leg. Friends carried him to the office of Dr. Craigen, the county physician. The doctor examined the wound, and after dressing it put several stitches in it and then asked for his pay, which was \$3. The men were surprised, as they thought, he being the county physician, there would be no charge. The doctor said if they did not pay him he would undo his work. They insisted they were penniless, and the doctor cut the stitches, thus undoing his work.

It is said the mayor will at once call the attention of the state's attorney to the matter. All persons who are aware of the doctor's action express indignation and disgust. Dr. Craigen is the physician in charge of the jail, alms house and insane asylum, and is also a member of the United States pension board of examining physicians for this district.

The Deadly Stiletto.

PUNXSUTAWNEY, Pa., Nov. 10.—Steve Lagra cut Michael Raveish's throat with a stiletto at Walston mines, Sunday night, killing him instantly. Italian and Hungarian miners were drinking beer in a shanty. A quarrel arose and the men separated into factions. Half of the party remained in the shanty. Shortly after the quarrel Michael Raveish left the house, whereupon Lagra seized him and cut his throat. Lagra and two of his companions were arrested. Lagra acknowledges his crime.

Foraker's Father Ill.

HILLSBORO, O., Nov. 10.—Ex-Governor Foraker's venerable father was prostrated yesterday morning at the breakfast table and is in a critical condition. He is about seventy-six years old, and has always been a hearty and vigorous man. His tall erect form and courtly bearing will be recalled by many of the citizens of Columbus. Physicians say that he is not suffering from paralysis, but that a blood vessel in the brain has burst.
